

ZLÍNSKÁ ASTRONOMICKÁ SPOLEČNOST POŘÁDÁ PŘEDNÁŠKU

# HELIOSFÉRA

The background of the poster is a deep space scene with a starry field. In the center, a bright yellow sun is partially obscured by a large, glowing, golden-yellow heliosphere. The heliosphere is surrounded by intricate, swirling patterns of purple and blue light, representing the solar wind and magnetic field. A satellite with several long, thin antennas is positioned in the foreground, appearing to orbit the sun. The overall composition is centered and symmetrical, emphasizing the vastness of space and the power of the sun.
